Mr. John Ashcroft
Attorney General
United States Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

Dear Mr. Ashcroft:

Subject: Sabotage, fraud, and malfeasance at the Information Systems Division of the IRS.

Almost an year ago, I submitted a body of evidence supporting sabotage, fraud, and malfeasance in the Information Systems Division of the Internal Revenue Service. It was submitted through the Department of Justice web site. I have attached a copy of that information just in case no one really looked at it.

Subsequently, I also wrote to the Director of the FBI after meeting with a Special Agent.

I have not received any acknowledgement either from your office or from the FBI Director's office.

If no investigation takes place, the fraud and sabotage will continue unabated, and indeed it will embolden others to join the ranks of the "Inner Circle" in perpetuating this illegal conduct costing the taxpayers several more Billions.

With the best regards,

Sincerely,

N. Srinivasan.
